

# The Pabulum team are delighted to provide the catering at The King Alfred School Academy from January 2020!

Our Vision: To be at the forefront of improving the next generation's health and well-being, by shaping the food culture in Education that inspires a passion and love of fresh food - without compromise.

We are committed to providing healthy food for children. At the same time, we aim to show young people how great mealtimes can be, and introduce them to healthy eating and balanced nutrition. We see it as our responsibility to inform food choices and support their personal development, from early years to completing college, and beyond.

**our Menus** - We recognise the crucial role we play in shaping young people's development with healthy school meals and nutritionally balanced dishes that bring fresh, locally sourced ingredients to the table. At the same time, we encourage them to take an interest in food by providing varied and well thought-out menus, along with an excellent dining experience. Our menus are developed by our Training & Development Chef Team and based on feedback from students, clients and catering staff. They ensure that our menus and food concepts are compliant, healthy and made daily on site from fresh, locally-sourced ingredients.

*'Fresh, wholesome, delicious food, honestly priced, ethically sourced and served with a smile - we call it the Pabulum Way!'*
